Now Stands it Appears So to Be-Asks President Davis to Call Meeting of Directors to Consider Matter-Points Out What May Follow if in Face of Present Appearances Attempt is Made in Future to Restore Duty on "Green" Codfish.

Is the Gloucester Board of Trade in the attention of the Treasury Depa favor of the admission free of duty of ment. whole salt codfish? Congressman Gardner is anxious to know and therefore has written to President Fred L. Davis of that organization to find out, In his letter the Congressman points out that as the record stands at present the Board appears to advocate this, and at the same time he calls attention to what this stand means in event of any attempt in the future to restore the duty on "green" codfish.

In the letter which follows, the Congressman expresses a desire for an expression of opinion of the board of directors of the Board of Trade as to just where the Board stands on this matter of most vital interest to Gloucester, and the New England fishing industry in general.

The Congressman's Letter.

Hamilton, Mass., June 3, 1915.

It read as follows:

Gloucester, Mass., May 28, 1915. Congressman Augustus P. Gardner, Washington, D. C.

The following firms representing all those engaged in the fishing industry in the city at a meeting held today at the Board of Trade rooms voted as follows: "We strongly protest against a duty on whole salt codfish while the present low duty of 3-4 cents per pound on skinned or boned fish remains in force." Gorton-Pew Fisheries Co., Cunningham & Thompson, Davis Brothers, Booth Fisheries Co., Frank F. Smith Co., George Perkins & Sons, William H. Jordan Co., Sylvanus Smith Co., Inc., P. J. O'Brien & Co., Henry E. Pinkham. Gloucester Salt Fish Co.

Gloucester Board of Trade, By Fred L. Davis, Pres." I at once brought your telegram to

It has now been brought to my tention, however, that there is so difference of opinion in Gloucester the question of the duty which ou to be assessed on whole codfish. I told that the meeting held at Board of Trade rooms last Friday w not a meeting of the Board of Dir tors, and that the firms and indiv uals engaged in the production of f were not altogether represented.

In view of the importance of precedent to be established if Gloucester Board of Trade is prepared to go on record as advocating the adi mission of whole codfish free of duty and in order that there may be no misunderstanding in the future an that my files and the files of the Treas ury Department may show the Board' exact position on the main question, suggest, if it meets with your approx al, that you call a meeting of the Di rectors of the Gloucester Board of Trade for the purpose of considering the matter further.

My Dear Sir: Before I left Wash to whether whole codfish with part or ington last week I received a telegram the backbone removed is or is now With out going into the question ar boned" fish within the meaning of the law, I respectfully invite your attenu tion to the fact that, as the Recor stands, the Gloucester Board of Trades appears at preesnt to advocate freet whole codfish. I need hardly point out to you that this record if allowed to continue unaltered will necessaril carry great weight if at some futur time an effort should be made to re store the duty on green codfish. know of no stronger weapon which could be devised for those people who advocate the free admission of all food products, whether raw or manu-
